WOODEX FOR AFRICA: UNLOCKING THE POTENTIAL OF SOUTHERN AFRICA

On behalf of the organizing team, welcome to WoodEX for Africa 2023. We sincerely appreciate your presence at this highly anticipated event. Since its inception in 2012, this exhibition has been a source of inspiration, education, and connection for industry professionals.

In today's fast-paced digital age, face-to-face exhibitions have triumphantly returned, reminding us of the unparalleled value of personal interactions. WoodEX for Africa 2023 provides the perfect platform for you to engage with like-minded individuals, discover new trends, and explore the latest innovations in the world of wood and related industries.

As you embark on this exciting journey through the exhibition, we encourage you to visit all the exhibition stands and immerse yourself in the diverse range of services and solutions showcased by our exhibitors. Engage in meaningful conversations, exchange ideas, and expand your network. WoodEX for Africa is not just an event; it is an opportunity to build valuable relationships and unlock a world of new possibilities. We understand the importance of reconnecting with friends and colleagues, and this exhibition offers a unique chance to catch up with familiar faces while also making new acquaintances. Take full advantage of this vibrant gathering of industry professionals, where expertise and inspiration come together to create an atmosphere buzzing with potential.

WoodEX for Africa 2023 is committed to maintaining its status as the foremost platform connecting

industry professionals with the thriving wood and machinery sector in Southern Africa. Serving as the premier gateway, this event continues to provide unparalleled opportunities for networking, finding new dealers, establishing business collaborations, and showcasing the latest advancements in the industry.

Once again, we extend our gratitude for your presence. WoodEX for Africa 2023 is poised to be an exceptional exhibition, and we are confident that you will find it both enlightening and enjoyable. So, dive in, explore, and seize this golden opportunity to connect, collaborate, and cultivate your passion for wood. Wishing you a rewarding and memorable experience at WoodEX for Africa 2023!

Stephan Jooste
Event Director

SAVE THE DATE:

WoodEX for Africa 2024, which will take place from **June 4th to 6th, 2024** at Gallagher Convention Centre, Johannesburg.

We look forward to welcoming you again next year.

FSC GLOBAL DEVELOPMENT GMBH

Hall 5 Stand WX742

Forests sustain life on earth and must be protected. The Forest Stewardship Council™ (FSC®) is a nonprofit membership organisation that exists to provide a sustainable forest management solution that is trusted by NGOs, consumers, and businesses alike to protect healthy and resilient forests, for all, forever.

As the most recognised, trusted and rigorous forest certification system, FSC's "check tree" label – found on millions of products worldwide – verifies sustainable sourcing from forest to consumer. FSC's responsible forestry standard, linked to a strict chain of custody certification, is a proven solution to tackle today's climate and biodiversity challenges.

- Annual forestry desk pad and tent calendars
- Printed buyers' guides, niche directories and handbooks to assist small businesses in accessing a detailed database of suppliers and their products.
- Facilitating groups of experts and developing and writing learning materials for accredited training providers and the Fibre Processing & Manufacturing Sector Education & Training Authority (FP&MSeta) and Quality Council for Trades & Occupations (QCTO).
- Blogs.
- Professional writing, editing and design services.

**SAWMILLING
SOUTH AFRICA**
We saw the future

SAWMILLING SA

Hall 5 Stand WX626

Sawmilling South Africa (SSA) is an industry association representing around 50 sawmilling companies.

Collectively, association members employ about 12,000 people, predominantly in the rural areas of South Africa. SSA aims to promote the interests of all sawmillers in South

Africa and promote its sustainable growth, development and wellbeing.

It also promotes and encourages education and training in the industry, especially of people who were previously disadvantaged. Finally, it encourages and supports innovation in the sector to create a more sustainable future for harvested wood products.

VYATKA PLYWOOD MILL LLC T/A SEGEZHA GROUP

Hall 5 Stand WX316

Segezha Group is a unique Russian timber holding company with a full cycle of its own logging and specialisation in the production of a wide range of high-margin products.

The focus of development is on environmentally friendly technologies for added-value wood processing and comprehensive use of raw materials. The group is one of the largest forestry companies in the world.

The total leased forest area is 15.7 million hectares, and the annual estimated logging site is 22.7 million cubic meters (including PIP, including priority investment projects).

Business stability is guaranteed by the high degree of self-sufficiency in raw materials, as 84% of the company's timber needs are covered by its resources. The international status of an environmentally and socially aware forestry company is backed by the fact that 88% of the company's forest plots are certified for compliance with the international voluntary forest certification standards (not including Inter Forest Rus). Birch Plywood, Sawn Timber, Kraft Paper, CLT panels, Glued Laminated Timber samples.

WOODSHOW GLOBAL

Hall 4 Stand WX809

WoodShow started its journey in Dubai, the United Arab Emirates in 2005 and since then Wood Show Dubai has established itself as the only dedicated and unique platform for the wood and woodworking machinery industry in the Middle East and North Africa region. In 201, Cairo WoodShow was launched and had rapidly evolved into a solid platform for North Africa and the Middle East region. In 2018, the Global WoodShow continued to expand and reached West Africa to initiate the Gabon WoodShw in partnership with the Gabon Special Economic Zone, a business entity of Olam international and the Gabonese government.

Continuing with its expansion story in 2020, WoodShow is now being organised in Indonesia (Indonesia WoodShow) as well, with official support from the Ministry of Trade, Ministry of Industry and other reputed industry associations in the Republic of Indonesia.

Today, the four shows of the WoodShow series (Dubai Wood, Cairo WoodShow, Gabon and Indonesia) are catering to more than 600 exhibitors and brands of wood, woodworking machinery and forestry industry every year and welcome more than 30000 quality visitors from more than 100 countries around the global WoodShow, overall aims to contribute significantly to the growth of the wood and forestry industry through the Global Woodshows four platforms and aspires to help exhibitors and visitors alike to work together and discuss the possible synergies that will increase the scope of their business.
